

Vertical Lifting Function to Install in Small Spaces Easy Transferring and Body Correction Functions are Enhanced

Resin Board

Wooden Board

Wooden Shelf Board

Patent No. 5089786
Control Switch Shape

Function

2 Motors

BACK RAISING
70°

BACK & KNEE
70°/22°

HEIGHT
ADJUSTABLE

3 Motors

BACK RAISING
70°

BACK & KNEE
70°/18°

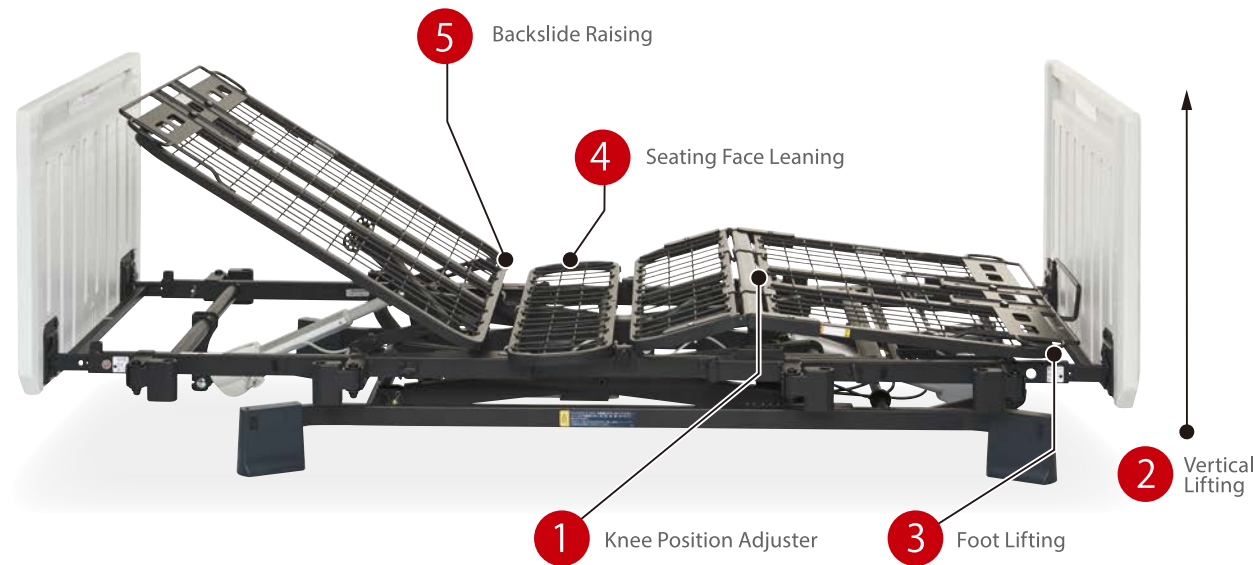

KNEE RAISING
18°

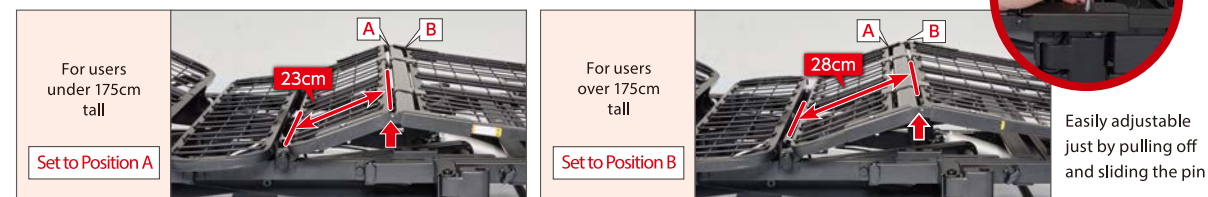

HEIGHT
ADJUSTABLE

Features

1 Knee position adjuster to reduce slippage during reclining

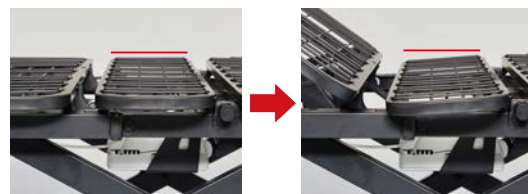

2 Vertical lifting function to install in small spaces

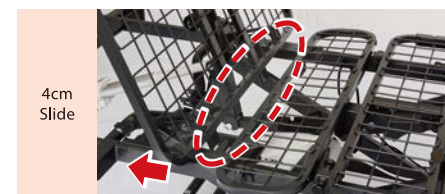

3 Swollen reduction by foot lifting function

4 Seating face leaning function

5 Backslide Raising

Unique Japan-made with delicate care

Unique Japan-made with delicate care reduces the burden of users and caregivers

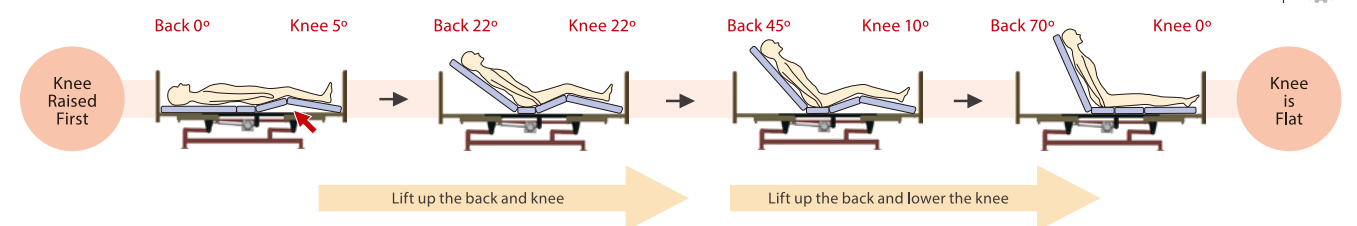

Retractable side rail holders

Ample space for using a table or lift easier

Back/Knee Interlocking Motion * ON/OFF Switchable

Retrofitted motor to be 3 Motors

Equipped with highly-functional motor from LINAK in Denmark

Universal Design Control Switch

Easy to hold and use Universal Design Control Switch

Easy to operate with a weak grip

Easy to hang on the side rails

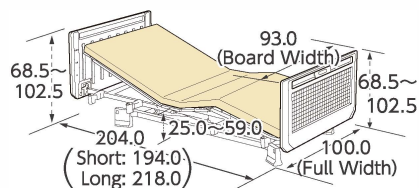

Specifications

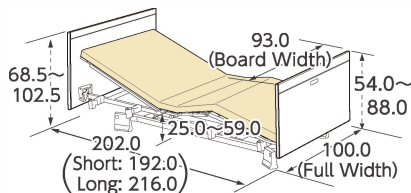

2 Motors, 3 Motors

(Unit: cm)

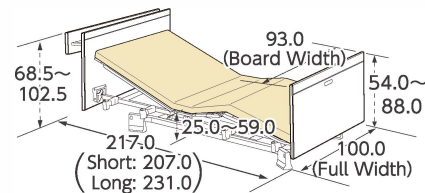

●Resin Board (90cm)

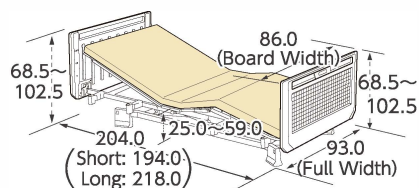

●Wooden Board (90cm)

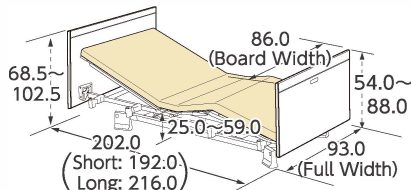

●Wooden Shelf Board (90cm)

●Resin Board (83cm)

●Wooden Board (83cm)

* Space between floor and base frame is 7.5cm

			2 Motors		3 Motors	
Suitable Mattress Size			Length 190.0 - 192.0cm, Width 88.0 - 91.0cm			
Weight	90cm	Resin Board	85.5kg		86.5kg	
		Wooden Board	87.5kg		88.5kg	
		Wooden Shelf Board	91.5kg		92.5kg	
	83cm	Resin Board	83.0kg		84.0kg	
		Wooden Board	84.5kg		85.5kg	
Packing			5			
Material			Frame: Steel, ABS Head, Foot Board (Resin Board) PE (Wooden Board) MDF Olefin board			
Angle Adjustment	Back Angle		70°			
	Knee Angle		22°		18°	
Bottom Height			25.0 - 59.0cm			
Voltage			100VAC - 240VAC (50/60Hz)			
Power Consumption			150W			
Motor			Denmark LINAK			
Maximum Load Capacity for User's Weight			138kg / Safe load capacity: 174kg (1700N)			
Country of Manufacture			Vietnam			

Optional Parts

PH05-45

45mm height raiser Fixed Legs (4pcs)

Material: ABS

Height in usage: +4.5cm

Country of Manufacture: Vietnam

PC03-8CK

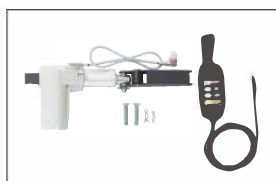

MioletIII Caster (4pcs)

Material: Nylon, Polyurethane, Steel, ABS

Height when using caster: +1.5cm

Country of Manufacture: Vietnam

*with stopper

BS-001

Retro fitted Motor To be 3motor
